

## **POWER COST ADJUSTMENT**

**APPLICABILITY** - To all electric service, metered or unmetered, provided through the facilities of the Public Works Commission.

**PURPOSE** - To provide the Commission with the option to pass through all or part of the cost differences between the annual budgeted amounts for purchased power & generation and the actual costs of such purchased power & generation.

**CALCULATION** - All rates per kWh are subject to increase or decrease by one mill (\$0.001) per kWh for each one mill per kWh or major fraction thereof by which the average cost per kWh purchased or generated for the current period varies from 56.21 mills per kWh.
