

Water Main Extension and Sewer Main Extension Permit Fees

Fees are Required for the Review of Permit Applications for Water and Sewer Main Extensions to comply with State of North Carolina Requirements as Delegated to PWC through the Local Permitting Authority

Water Main Extension Permit Fee: \$ 275.00

This fee is an application processing charge to an applicant that requests to connect to or modify the existing PWC Water Distribution system.

Sewer Main Extension Permit Fee: \$ 340.00

This fee is an application processing charge to an applicant that requests to connect to or modify the existing PWC Sewer Collection System.

If the applicant initiates modifications to the original project submittal package, an additional fee for reprocessing and modifying the permit(s) shall be charged.

Each modification shall require an additional permit fee as per the fee schedule above.

No processing fee will be charged for modifications of unexpired permit(s) when the modifications are initiated by PWC. This additional fee shall be for reprocessing and modifying the permit(s).

Rev. 3

Adopted: November 28, 2007

Effective: January 1, 2008
