

12.30.2015

HOW CAN I QUALIFY FOR THE INCENTIVE?

To qualify, you must meet the following criteria:

1. Live in a single family residential home. Apartments do not qualify.
2. The new toilet you purchase must be a 1.28 gallon per flush (GPF) High Efficiency Toilet (HET) with an official EPA WaterSense® label (<http://www.epa.gov/watersense/>).
3. Each new toilet must replace a 3.5 gallon or HIGHER per flush toilet.
4. This incentive does not cover replacement of an existing high efficiency WaterSense Toilet.
5. Be a current water and/or sewer customer of the Public Works Commission of the City of Fayetteville.
6. Include a signed customer application, original or copy of the toilet purchase receipt dated on or after August 1, 2015, and agree to a *random* audit by PWC to verify program eligibility.
7. Agree not to reuse, sell or give away the old toilet and dispose of it properly.
8. Incentive does not include costs of installation, all taxes, disposal charges or installation parts required for completion, labor or contractor or building costs.
9. Each single home residence is allowed up to 3 incentives for replacing up to three (3) high gallon per flush toilets. The incentive is 25% of the purchase price of each toilet (not including tax, handling, shipping or installation charges). The maximum incentive allowed is UP TO \$75 per WaterSense High Efficiency Toilet or up to \$225 for three (3) toilets.

Submit all documents (application, original or copy of the receipt and water bill documents) to:
