

ECONOMIC DEVELOPMENT

AVAILABILITY Available throughout the territory served by the Public Works Commission in accordance with the Commission established Service Regulations and charges and the Commission's established policy for the administration of the Economic Development Rate Schedule.

APPLICABILITY To electric service provided for industrial/commercial facilities expansion or for new electrical loads provided that such expansion or new load exceeds 500 kW, but is less than 1,000 kW of maximum monthly demand. This rate schedule is not applicable to temporary or permanent construction service. This rate schedule is applicable for thirty-six (36) months of service only. Following the thirty-six (36) months of service the customer's account will be reclassified to the appropriate general service rate schedule.

CHARACTER OF SERVICE Service shall be three-phase, sixty hertz, alternating current at the Commission's standard available voltages. Service shall be provided at a single point of delivery through one meter.

MONTHLY RATE The monthly rate for the thirty-six (36) months of service shall be based on ninety percent (90%) of the otherwise applicable general service rate. Such applicable general service rate shall be based on the size of the customer's total load and the customer's optional election of service under any rate for which they qualify.

WHOLESALE POWER COST ADJUSTMENT (WPCA) All stated energy rates are subject to a monthly wholesale power cost adjustment (WPCA).

PAYMENTS All bills shall be paid in accordance with the terms of the Service Regulations and Charges.

TAX Applicable North Carolina Sales Tax will apply.
