ITEM 2: The following are the questions received prior to the deadline for questions.

1. Will PWC allow the inclusion of an 11"x17" page for a figure? If so, will this page size count as one or two pages?
 - a. 11"x17" page for a figure will be permitted and will be counted as a single page.

2. The Cypress Lakes Water and Sewer Infrastructure map that is included in the RFQ shows several developed areas that only have water? Is the absence of sewer in these areas an artifact of possibly the GIS not being fully updated, or are these areas only PWC water customers and are served sewer by individual septic systems?
 - a. These are water customers only. The older parts of Cypress Lakes were developed without sanitary sewer.
