**QUESTIONS AND RESPONSES FOR:
PWC2223046
ENGINEERING SERVICES FOR NCDOT RELOCATION PROJECTS**

Q1. Are there any PWC systems that Booth would be responsible for updating, such as staking software and GIS systems?

Ans 1: No

Q2. In reference to the FPWC proposal for NCDOT Relocation projects, is the intent to hire a firm who can only perform electrical engineering / infrastructure improvements and perform engineering services for relocation of water and sanitary facilities that will be impacted by NCDOT projects?

Ans 2: No

Q3. Will the selected firm only perform electrical design and construction inspection of FPWC electrical infrastructure and collaborations / coordination with water and sewer infrastructure designer and other utility owners? Assuming water and sanitary design will be performed by others and not by the selected firm?

Ans 3: No
