

BULK WATER DELIVERY

AVAILABILITY Available at a designated fire hydrant located at the Fayetteville Public Works Commission (“PWC”) Warehouse Complex located off Old Wilmington Road and Belt Boulevard or at another agreed upon location.

APPLICABILITY Applies to water delivered from a designated PWC fire hydrant to the customer's tank truck during normal business hours.

CHARACTER OF SERVICE Water will be delivered to the customer's tank truck through a flexible canvas hose at a maximum rate of 160 gallons per minute. Trucks receiving water from PWC fire hydrants shall be protected from cross connection by means of an adequate air gap or by an approved backflow preventer. All tank trucks must be inspected annually and have a permit reissued by PWC's System Protection personnel prior to obtaining water from the fire hydrant.

Rate shall be Yearly Charge for a calendar year. This rate is subject to change if PWC’s Inside Commercial Water Rates is modified. No partial months will be issued.

Yearly Charge
\$390.00

Temporary Permit This temporary status can only be held for three (3) months. If the Bulk Water User is from out-of-town (more than fifty (50) miles), a temporary permit will be issued for Monthly Charge in effect at the time of the permit. This permit may be renewed for two (2) additional months for the Monthly Charge in effect at the time of the permit. At the end of the third month, if the Bulk Water User continues to need water, the User will be charged the full Yearly charge. The Temporary Permit is 1/6 of the Yearly Charge.

Monthly Charge
\$65.00

PAYMENTS All bills shall be paid in accordance with the terms of the Service Regulations and Charges.

SCHEDULE BWD (Rev. 21)

For Service and Consumption starting: April 2023

All Charges Effective: May 1, 2023

Adopted: March 8, 2023
