ATTACHMENT A: SCOPE OF WORK

PROJECT SCOPE

SECTION I - GENERAL

The purpose of this project is to conduct recertification testing of residential lawn irrigation backflow prevention assemblies for customers of the Fayetteville Public Works Commission (PWC). The following specifications are intended to describe the minimum requirements of the work to be performed by the successful bidder.

1. The number of backflow devices to be tested under this contract for PWC Fiscal Year 2026 is approximately 2,000. PWC may choose to offer the Contractor additional backflow devices to be tested at the successful bid rate upon mutual agreement between the Contractor and PWC on the volume and duration of the contract extension.
2. Compensation to the Contractor will be paid on a per unit basis for Completed Tests, Return Visits, and Unsuccessful Site Visits. A Completed Test shall mean a device that is tested according to the conditions outlined in this document. A Return Visit shall mean the device was not accessible and the Contractor had to schedule a time to return when the customer was home. An Unsuccessful Site Visit shall mean the Contractor went to the site but was unable to test the device because it couldn't be located, the device was obstructed in some manner, the device was broken or installed improperly, or the customer refused to allow them access to the property.
3. Bidders are not required to have a North Carolina General Contractors license to be eligible to bid on this project.
4. Eligible Bidders are not required to directly possess a "Certified Backflow Prevention Assembly Tester" but must have employee(s) that is/are a "Certified Backflow Prevention Assembly Tester" with a current/active backflow device test certificate from a PWC approved backflow testing certification school at the time of bid submission. PWC will approve schools that use the same material and have the same testing requirements as The North Carolina American Water Works Association - Water Environmental Association (NCAWWA-WEA and/or The University of Florida Training, Research, and Education for Environmental Occupants (UF/TREEO).
5. Bidders must submit the Names(s) of the "Certified Backflow Prevention Assembly Tester(s)" along with proof of certification(s) and/or certification number(s) within their bid proposals. Failure to provide, the bid may be declared non-responsible, and the bid proposal may be rejected.
6. The successful Bidder is required to maintain at least one (1) "Certified Backflow Prevention Assembly Tester" throughout the contract. Only "Certified Backflow Prevention Assembly Tester(s)" shall complete and sign all tests and test and

maintenance report forms. The Contractor may request in writing any changes in the authorized personnel and PWC must approve the changes prior to any tests and test and maintenance reports being completed and signed.

7. PWC will provide the Contractor with a list of backflow prevention assemblies that are due for testing. These lists will be in the form of a binder with test and maintenance report forms for each valve to be tested. The Contractor must test a minimum of two hundred (200) backflow prevention assemblies each month until the number of backflow prevention assemblies listed in the contract is satisfied.
8. Contractor shall enter test results via the web into software designated by PWC. A high-speed internet connection is recommended. Test results must be entered into the software prior to the 10th day of the month following testing. PWC staff will assist Contractor with software training and trouble shooting.
9. All tests must be performed using current test procedures (USC 9th or 10th Edition Manual Test Procedures) and test equipment approved by PWC's Cross Connection Control Program.
10. Bidders must submit proof of ownership of such equipment and proof of current calibration (within 1 year prior to March 5, 2025) within their bid proposals. Failure to provide, the bid may be declared non-responsive, and the bid proposal may be rejected.
11. The Successful bidder will be required to submit current calibrations each Contract Renewal Term and anytime requested by PWC.
12. Contractor is prohibited from discussing PWC policies and procedures with any customers.
13. Contractor shall have proper identification that shows a photo and company name when present on each customer's property. PWC will provide the Contractor with PWC Contractor ID badges and vehicle signs. The PWC Contractor badges and vehicle signs must be prominently displayed at all times while doing work related to this contract.

TASKS/DELIVERABLES

SECTION I - TESTING OF DEVICES

1. All testing and trip visits must be during normal working hours. Normal working hours of 8:00a.m. and 5:00 p.m. Monday through Friday. No work is permitted on legal holidays (to include holiday weekends.) No work, unless otherwise required due to an

emergency and authorized by PWC shall be performed on weekends or after hours without prior written approval from PWC. Legal holidays observed by PWC include New Year's Day, Martin Luther King's Birthday, Good Friday, Memorial Day, Independence Day, Labor Day, Thanksgiving (2 days), and Christmas (2 days).

2. Prior to beginning the test, Contractor shall make an attempt to notify the customer that they are a PWC Contractor and explain to the customer why they are at their residence. Customer consent must be obtained prior to an interruption in water service if the irrigation system is installed on the domestic water line. If the customer becomes agitated or aggressive, Contractor shall leave the site, make a note of the problem on the appropriate test and maintenance report, take a photo of the service location, attach the photo to the test and maintenance report, and put that report in the tabbed section of the binder labeled "Unsuccessful Site Visits". The Contractor may invoice PWC for that service at the Unsuccessful Site Visit rate agreed to in the successful bid.
3. Prior to conducting the test, Contractor shall clean out the backflow prevention assembly enclosure (box) in order to completely expose the assembly (remove dirt, trash, water, etc.). It is recommended that the Contractor purchase quick connects so that fittings are not needed for the test cocks. Quick connects and fittings will not be supplied by PWC.
4. When the backflow device has been successfully tested the Contractor shall install the tag provided by PWC. The Contractor shall punch the appropriate month and year of the tag that is related to the date of testing, write the address of the service location on the back of the card with a permanent marker, and attach the tag to the backflow preventer. The Contractor shall take a date and time stamped picture of the tagged backflow device with the addressed side of the tag visible in the picture. The picture shall be printed and attached to the respective test and maintenance report and put in the "Completed Test" Tab of the binders.
5. If an initial backflow prevention assembly test fails, the Contractor shall disassemble the assembly, clean and flush assembly, inspect for damaged parts, install repair parts (rubber repair kit furnished by PWC; repair parts do not include shut off valves, system piping, etc.) if needed, reassemble assembly, and perform a retest. If the backflow prevention assembly fails again, note problems on test and maintenance report form, take a date/time stamped photo, attach it to the test and maintenance report form, put that report in the tabbed section of the binder labeled "Unsuccessful Site Visit", and notify PWC within 2 days. Reports for backflows that required repair shall be put in the tabbed section of the binder labeled "Repaired Devices" with a clear explanation of repairs made. Billing for these devices shall be paid under the Completed Tests Rate as agreed to in the successful bid.
6. If the backflow cannot be tested because it cannot be found, it is obstructed, or for any other reason, the Contractor shall attempt to contact the customer to try and correct the issue so testing can be done. If the customer is not home, the Contractor

shall leave a note on a door hanger (door hangers supplied by PWC) noting the problem and requesting that the Customer contact the Contractor so they can attempt to resolve the issue and complete the test.

The Contractor shall, note the issue on the test and maintenance report form, take a photo of the service location and/or the obstruction preventing access, print and attach the photo to the test and maintenance report, and put it in the binder under the tab labeled "Unsuccessful Site Visits". The Contractor may invoice PWC for that service at the Unsuccessful Site Visit Rate agreed to in the successful bid. If the customer contacts the Contractor, the Contractor shall attempt to schedule a time with the resident to successfully complete the test. If the test is successfully completed, the Contractor shall move the test report from the tab labeled "Unsuccessful Site Visits" and place it in the binder under the tab labeled "Return Visits". Since this scenario requires two trips to complete the test, the Contractor may invoice PWC at both the Unsuccessful Site Visit Rate and Completed Test Rate agreed to in the successful bid.

7. If the backflow prevention assembly is found in such condition that the required testing can't be performed, (i.e. enclosure box broken, backflow prevention assembly broken/cracked, assembly improperly installed etc.), the Contractor shall note the problem(s) on the test and maintenance report form, take a time/date stamped photo of the device/problem, attach the photo to the test and maintenance report form, notify PWC within 2 days, and put that report in the tabbed section of the binder labeled "Unsuccessful Site Visits". The Contractor may invoice PWC for that service at the Unsuccessful Site Visit rate agreed to in the successful bid.
8. Contractor may be held responsible for any damage that occurs to an assembly during the performance of the initial test, repairs, and final test (breaking of test cocks, shut off valves, system piping, etc.) if the damage is caused by negligence on the part of the Contractor. Contractor shall contact the PWC System Protection Office immediately if damages are found to an assembly prior to conducting the testing or if damages occur during testing. PWC will inspect the damage and initiate an appropriate response with the owner.

SECTION II - DOCUMENTATION AND REPORTING

1. Each test and maintenance report form shall be accompanied by a date/time stamped photo. For successful tests, the photo shall include a picture of the tested device with the applied tag showing the address of the service location. For Unsuccessful Site Visits, the photo shall include a picture of the service location if the device cannot be found or tested for any reason; a picture of the obstruction if the device cannot be tested due to access issues; or, a picture of the device/problem if a device is broken or installed improperly.
2. PWC will provide the Contractor with details pertaining to each backflow prevention assembly to be tested, which will be included on the test and maintenance report included in the binder. At a minimum, the details will include the customer's name and

address. If the Contractor finds that the information provided on the test and maintenance report is incorrect, they should note the differences in the test and maintenance report and include that in the monthly submittal. Customer information shall be considered confidential and shall not be photocopied or reproduced in any way unless approved by PWC.

SECTION III -CONTRACT DURATION AND PAYMENT OF INVOICES

1. All work shall be completed and invoiced by May 31st of each Fiscal Year. This deadline may be extended by mutual consent between PWC and the Contractor if there are extenuating circumstances that are beyond the control of the Contractor. Contract extensions must be provided in writing by PWC prior to the expiration of the original contract termination date.
2. Payment of invoices will be based on the test and maintenance reports included in the monthly submittal.
3. PWC will pay for tests that meet all the conditions specified in the contract to include a completed, signed test report with a time/date stamped photo of the tested device with the required tag and location identification visible in the photo attached to the test and maintenance report in the monthly submittal.
4. PWC will pay the Contractor for assemblies they were unable to test due to circumstances beyond the Contractors control (i.e. unable to locate the device, the device was obstructed, the customer refused access, or the assembly was broken or installed improperly), if the monthly submittal includes the test and maintenance report form with a notation explaining why the service was not tested and an attached, date/time stamped photograph of the device, service location, site and/or obstruction in question.

This Service Agreement ("Agreement") is made by and between Fayetteville Public Works Commission ("PWC"), a North Carolina public authority, and _____ ("Provider"), a _____ (each of PWC and Provider is referred to herein as a "Party" and collectively as the "Parties"), as of the date of execution last written below (the "Effective Date"). For good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the Parties agree as follows:

1. Services. PWC retains Provider to _____ as more particularly described in Exhibit A attached hereto and incorporated herein by this reference (the "Services"). The Services shall be completed on or prior to the deadline(s) set forth in Exhibit A, but in any event no later than _____. In the event of a conflict between the provisions of this Agreement and the provisions of any attachment or exhibit to this Agreement, the terms of this Agreement shall govern. Provider shall not use the existence of this Agreement or the name of Fayetteville Public Works Commission as part of any commercial advertising or marketing of products or services without the prior written consent of PWC.

2. Service Standards. Provider shall perform and deliver the Services in accordance with (a) the professional skill and care ordinarily exercised by other providers delivering services on the same or similar projects; (b) Provider's professional licensing obligations; and (c) all applicable laws. Provider shall notify PWC promptly of the discovery of errors, omissions, discrepancies, or inconsistencies in the Services rendered. If any of the Services that Provider renders or work product, which includes but is not limited to reports, analyses, designs, specifications, plans, drawings, and other documents, that Provider delivers to PWC contain errors or omissions, Provider shall promptly correct or supplement such Services at no additional cost to PWC. PWC's acceptance of, use of, or payment for such Services shall in no way alter or reduce the Service standards set forth herein or PWC's rights hereunder. Provider shall not assign or subcontract or transfer the Services or any rights under or interest in this Agreement without the prior written consent of PWC. Provider shall treat all information from PWC and work product resulting from the Services as confidential and proprietary, unless such information is available from public sources, and Provider shall not publish or disclose

confidential or proprietary information without the prior written consent of PWC for any purposes other than the performance of the Services.

3. Delivery of Services and Ownership of Work Product. Time is of the essence with regard to the delivery of the Services. In the event of suspension or termination of the Services, Provider shall promptly deliver to PWC all work product completed or in progress as of the date of termination along with reproducible documents, drawings, plans, specifications, and electronic records of the completed portion of the Services upon PWC's payment of the undisputed portion(s) of Provider's invoices in accordance with Section 8, Billing and Payment. Provider grants PWC an irrevocable license to use the work product resulting from the Services of Provider. The work product delivered by Provider to PWC in connection with the performance of the Services shall not infringe any intellectual property rights of any third party. Except as otherwise specified in this Agreement, Provider shall not use for its own purposes or allow a third party to use the work product resulting from the Services without the prior written consent of PWC.

4. Compensation. For the Services, Provider shall be compensated in the amount of _____ and 00/100 Dollars (\$_____.00) as set forth in Exhibit A. Provider's rates shall not be increased during the term of the Agreement or the performance of the Services without the prior written consent of PWC.

5. Payment Limitation. Notwithstanding any other provision in this Agreement, the total fees and expenses for the Services shall not exceed _____ and 00/100 Dollars (\$_____.00) (the "Cap"). Provider shall promptly notify PWC in writing when Provider has reached ninety percent (90%) of the Cap. **The Cap is not a fixed fee to which Provider is entitled.** PWC shall be obligated to pay only for Provider's actual time devoted to providing the Services and authorized, documented expenses incurred, not to exceed the Cap.

6. PWC's Duties. PWC shall: (a) timely provide such information in its possession, custody, or control as is reasonably necessary for Provider to perform the Services; (b) communicate promptly to Provider all decisions of PWC and clarifications that are reasonably needed by Provider; and (c) make payments to Provider in accordance with Section 8, Billing and Payment.

7. Representations and Warranties. Provider represents and warrants to PWC that Provider is duly licensed and authorized in the State of North Carolina to perform the Services. Each Party represents and warrants to the other Party that it is duly organized, validly existing and in good standing and has all requisite powers, rights, and authority to execute, enter into, and perform this Agreement in accordance with the terms and conditions of this Agreement, this Agreement constitutes a legal, valid, and binding obligation of such Party enforceable against it in accordance with its terms and the person signing this Agreement on behalf of Provider has been properly authorized and empowered to enter into this Agreement.

8. Billing and Payment; Sales and Use Taxes. Provider shall invoice PWC monthly for Services performed and expenses incurred during the preceding calendar month. All invoices shall provide reasonable detail of the services performed and expenses for which reimbursement may be sought, along with supporting documentation for such expenses. PWC shall pay the undisputed portion of each invoice within forty-five (45) calendar days after PWC's receipt of the invoice. PWC shall reimburse expenses at the lower of actual or reasonable cost, except in regard to expenses that are specifically pre-approved in writing by PWC or are set forth and included in a fixed price service arrangement. All payments from PWC to Provider

shall be transferred electronically to Provider's designated financial institution, and Provider shall, prior to delivery of its first monthly invoice to PWC, supply the name of Provider's financial institution, routing number, and account number on the form available from PWC and provide to PWC a completed and signed IRS Form W-9. Provider has the right to impose a late payment charge of one percent (1%) per month for amounts unpaid by PWC by the date due. Provider shall maintain on a generally recognized accounting basis and retain for at least three (3) years the records supporting Provider's invoices to PWC. In the event of a dispute regarding a monthly invoice or any portion thereof: (a) Provider shall deliver to PWC all records supporting Provider's invoice(s) in dispute within ten (10) calendar days after PWC notifies Provider of the dispute, and Provider shall cooperate with PWC to verify the accuracy of all invoices; (b) Provider shall continue to proceed diligently with the performance of the Services pending resolution of the dispute; and (c) PWC shall pay Provider in accordance with this Agreement for all Services rendered by Provider which are not the subject of the dispute.

If the Services involve repair, maintenance, or installation subject to any sales and use tax under North Carolina law, then Provider shall comply with all of the following requirements so that PWC may recover the amount of the tax permitted under the law:

- a. Furnish PWC documentary evidence showing the material used, sales tax paid, and County paid (County of sale). The documentary evidence shall include Provider's certified statement showing total purchases of materials from each separate vendor and total sales taxes charged to PWC and paid by Provider. The documentary evidence shall also include Provider's certified statement as to the amount paid by PWC for sales tax on the Services delivered by Provider to PWC. A certified form is required even if no sales tax was paid for pay request period. Materials used from Provider's warehouse stock shall be shown in a certified statement at warehouse stock prices and amount of County of Use Tax charged to PWC and paid by Provider;
- b. Provider shall furnish to PWC invoices or copies of invoices for all materials purchased for said work within pay request period, and such invoices shall state the amount of North Carolina Sales Tax, if any, paid for materials. Provider shall also furnish to PWC invoices identifying the amount paid for the sales and use tax on Services that are subject to such taxation under North Carolina law; and
- c. Provider shall not include any tax paid on supplies, tools, and equipment that Provider uses to perform the Service.

9. Termination. Except in regard to Services to be provided for a fixed price, PWC has the right to terminate the provision of Services, with or without cause, by delivering written notice of termination to Provider, and PWC shall be obligated to pay Provider only for work performed and reasonable expenses incurred until delivery of the notice of termination. Either Party may terminate an Agreement to provide Services for a fixed price for cause by delivering written notice of the cause and termination to the other Party, provided that the Party receiving the notice of termination shall have seven (7) calendar days to cure the cause cited in the termination notice. "Cause" means action by the non-terminating Party that constitutes a material breach of this Agreement including, but not limited to, a failure to adhere to a schedule, failure to timely pay, and material failure to produce work product that is consistent with the applicable service standards.

10. Insurance. Provider shall maintain during the provision of Services and for at least three (3) years thereafter (collectively, the "coverage period") the following insurance coverages, which insurance shall be placed with insurance companies authorized to do

business in the State of North Carolina and rated A minus VII or better by the current edition of Best's Key Rating Guide or otherwise approved in writing by PWC:

- (a) professional liability errors and omissions or malpractice insurance including contractual liability coverage with limits of not less than one million dollars (\$1,000,000) per occurrence and one million dollars (\$1,000,000) aggregate;
- (b) commercial general liability insurance with a combined single limit of liability of not less than \$1,000,000 for each occurrence of bodily injury and/or property damage and an annual aggregate of liability of not less than \$2,000,000 for bodily injury and/or property damage, and an annual aggregate of liability of not less than \$2,000,000 for Completed Operations and Products Liability;
- (c) worker's compensation insurance as required by State law; and
- (d) automobile liability insurance with limits not less than \$100,000 each person and \$300,000 each accident for bodily injury and property damage.

Prior to initiating the Services, Provider shall deliver to PWC certificates of insurance confirming each such coverage, and Provider shall direct its insurers to provide annually to PWC certificates confirming each such coverage during the coverage period. PWC shall be named as an additional insured in the comprehensive automobile and commercial liability insurance policies. Commercial general liability coverage shall be written on an "occurrence" basis. Upon PWC's request, Provider shall give prompt written notice to PWC of any and all claims made against the professional liability errors and omissions or malpractice insurance policy during the coverage period. Provider shall not reduce or allow the required insurance coverages to lapse without PWC's prior written approval. All policies for insurance must be endorsed to contain a provision giving PWC a thirty (30) calendar day prior written notice by certified mail of any cancellation of that policy or material reduction in coverage. Should a notice of cancellation be issued for non-payment of premiums or any part thereof, or should Provider fail to provide and maintain certificates as set forth herein, PWC shall have the right, but not the obligation, to pay such premium to the insurance company or to obtain such coverage and to deduct such payment from any sums that may be due or become due to Provider, or to seek reimbursement for said payments from Provider. Any such sums paid by PWC shall be due and payable immediately by Provider upon notice from PWC. The insurance provisions of this Agreement shall not be construed as a limitation on Provider's responsibilities and liabilities pursuant to the terms and conditions of this Agreement. Provider's obligation to maintain insurance for three (3) years after completion of the Services shall survive the termination of this Agreement.

11. Indemnification and Liability. Provider shall indemnify, defend, and hold harmless PWC and its Commissioners, officers, employees, agents, and representatives (collectively, "Indemnitees") from and against all claims, actions, liabilities, damages, losses, costs, and expenses (including, without limitation, injury to or death of any persons and damage to property, economic and consequential damages and attorneys' fees) asserted by one or more third parties against one or more of the Indemnitees arising out of negligent or willful acts, violations of law, infringement of any patent, trademark, trade secret, copyright, or other intellectual property right of a third party, or omissions or breach of the obligations set forth in this Agreement by Provider or any of its employees, agents, representatives, and subcontractors. Provider's obligation to indemnify, defend, and hold harmless the Indemnitees shall survive the termination of this Agreement and shall include the duty to pay for the

reasonable attorney's fees and costs associated with defending the Indemnitee(s) by the legal counsel of each Indemnitee's choice.

12. Notices. Any notice which either Party is required or desires to give the other hereunder shall be deemed sufficiently given if, in writing, it is delivered personally, or sent by certified U.S. mail, return-receipt requested, postage prepaid, to the addresses listed hereinbelow, or such other address as either Party shall give to the other Party by written notice in accordance herewith. Any notice given herein by personal delivery shall be deemed delivered when received. Any properly addressed notice given herein by certified mail shall be deemed delivered on the third Business Day after the same is deposited in an official United States Post Office, postage prepaid, or if sooner upon the date when the return receipt therefor is signed, or refusal to accept the mailing by the addressee is noted thereon by the postal authorities.

Provider shall immediately report orally to PWC and confirm in writing within three (3) hours any type of chemical spill that occurs in or on any real property managed or operated by PWC or any spill or release of the waste materials during the performance of the Services.

14. Miscellaneous Provisions. Provider is and shall remain an independent contractor and shall undertake performance of the Services pursuant to the terms of this Agreement as an independent contractor. Nothing contained in this Agreement shall be deemed or construed to create the relationship of principal and agent or of partnership or of joint venture or of any association whatsoever between the Parties. No breach or non-performance of any term of this Agreement shall be deemed to be waived by either Party unless said breach

or non-performance is waived in writing and signed by the Parties and then only to the extent specifically stated. No waiver of any breach or non-performance under this Agreement shall be deemed to constitute a waiver of any subsequent breach or non-performance, and for any such breach or non-performance each Party shall be entitled to such remedies as provided by law. The invalidity, illegality, or un-enforceability of any portion or provision of this Agreement shall in no way affect the validity, legality, and/or enforceability of any other portion or provision of this Agreement. Any invalid, illegal, or unenforceable provision of this Agreement shall be deemed severed from this Agreement, and the balance of the Agreement shall be construed and enforced the same as if the Agreement had not contained any portion or provision which was invalid, illegal, or unenforceable; provided, however, severability shall not prevent this entire Agreement from being void in the event any portion or provision of this Agreement that is of the essence of this Agreement shall be void. This is the entire agreement of the Parties on the subject matter hereof, and all prior negotiations, representations, proposals, letters, agreements, understandings, or other communications between the Parties, whether written or oral, are hereby merged into the Agreement and superseded by this Agreement. This Agreement shall not be modified unless such modifications are evidenced in writing, signed by both Parties. Nothing herein shall be construed to give any right or benefits hereunder to anyone other than the Parties. This Agreement shall be governed by the laws of the State of North Carolina without the application of the laws of any other state. The exclusive venue for all mediations and litigation and any other legal proceedings regarding this Agreement shall be the State and Federal Courts serving Cumberland County, North Carolina, and Provider consents to personal jurisdiction in such courts. Provider irrevocably waives, to the fullest extent permitted by law, any objection that it may now or hereafter have to the laying of the venue of any such suit, action or proceeding in any such court serving Cumberland County or that any such suit, action or proceeding brought in any such court serving Cumberland County has been brought in an inconvenient forum. This Agreement may be executed in counterparts with the same effect as if the signatures to each counterpart were upon a single instrument, and all such counterparts together shall be deemed an original of this Agreement. For purposes of this Agreement, a facsimile copy or scanned copy or photocopy of a party's signature shall be sufficient to bind such party. This Agreement shall be subject to execution by electronic means in accordance with Article 40 of Chapter 66 of the North Carolina General Statutes. The titles of the paragraphs throughout this Agreement are for convenience only and the words contained therein shall in no way be held to explain, modify, amplify, or aid in the interpretation, construction, or meaning of the provisions of this instrument.

15. Morality Clause. If, in the sole opinion of PWC, at any time Provider or any of its owner(s), employee(s), or agent(s) (each party, owner, employee, and agent is an "Actor") engages in any one or more actions that bring disrepute, contempt, scandal, or public ridicule to the Actor or subject the Actor to prosecution or offend the community or public morals or decency or denigrate individuals or groups in the community served by PWC or are scandalous or inconsistent with community standards or good citizenship or may adversely affect PWC's finances, public standing, image, or reputation or are embarrassing or offensive to PWC or may reflect unfavorably on PWC or are derogatory or offensive to one or more employee(s) or customer(s) of PWC, PWC may immediately upon written notice to Provider terminate this Agreement, in addition to any other rights and remedies that PWC may have hereunder or at law or in equity.

16. Conflicts. Except with PWC's knowledge and prior written consent, Provider shall not engage in any activity or accept any employment, interest or contribution that would reasonably appear to compromise Provider's professional judgment with respect to the

Services. Provider shall disclose to PWC any business or personal relationship with any Commissioner, officer, director, manager, or supervisor of PWC.

IN WITNESS WHEREOF, the Parties have caused this Agreement to be executed by their duly authorized representatives as of the Effective Date.
