3. Following are questions received about the solicitation and the SME's answers to the questions.
 - Q1.** We are requesting approval for transformers manufactured in Brazil. Please let me know the process for having the power transformer manufactured in Brazil approved.
 - A1.** There are location limitations. The IFB States that transformers must be manufactured in North America (USA, Canada, or Mexico). A USA-located repair facility is also required. Therefore, transformers or core parts outside of North America will not be accepted for this IFB.
 - Q2.** We are requesting approval for transformers manufactured in Indonesia. Please let me know the process for having the power transformer manufactured in Indonesia approved.
 - A2.** Reference A1 in this Addendum No. 1.
 - Q3.** Will there be any changes to the spec other than due date? Our team is wondering we if we are submitting an identical quote or need to start the process over.
 - A3.** There are no changes to the Technical Specifications from the October 2025 bid, however, Bidders shall thoroughly review the bid packet and its entirety to ensure all bid requirements are met.
 - Q4.** Unfortunately, we need 12 weeks to provide a proposal and will not be able to meet the bid submission date
 - A4.** Reference M1 in this Addendum No. 1.
 - Q5.** Please advise whether the requirement for the requirement for North American manufacturers only, including requirement for a USA located repair facility, still stands for this rebid – or whether the restrictions have changed to include other countries such as Brazil and/or Indonesia.

A5. Please refer to A1 in this Addendum No. 1.
