Bid Opening Date and Time: May 21, 2026

Addendum Number: 1

Addendum Date: May 14, 2026

Procurement Advisor: *Lacoma Jones*
Procurement@faypwc.com

1. Addenda acknowledgement is required within the IFB Bid Pricing Form.

2. Following are questions received about the solicitation and the SME's answers to the questions.
 - Q1.** Can PWC extend the service response time from two hours to four hours, or is the two-hour response time required?
 - A1.** PWC's preferred service response time is two hours due to operational needs during storm-related or emergency events. However, PWC will consider proposed response times of up to four hours, provided the bidder clearly identifies its proposed response time in its bid and demonstrates the ability to mobilize resources in a manner that supports timely service during anticipated storm or emergency conditions.

Bidders should include information regarding staffing, standby procedures, mobilization plans, and the geographic location of available resources. PWC will evaluate the proposed response time and mobilization approach as part of its overall review to determine responsiveness and the bidder's ability to meet the service needs of the contract.
