Bid Opening Date and Time: October 8, 2026

Addendum Number: 1

Addendum Date: October 2, 2026

Procurement Management: *Nikole Bohannon or Candice Kirtz*
procurement@faypwc.com

1. Addenda acknowledgement is required within the IFB Bid Pricing Form.
2. The solicitation is hereby modified as follows:
 - M1. IFB Schedule Modified**
Deadline for Addenda issued by PWC Procurement Department and Project Engineer
5:00 p.m., October 2, 2026
3. Following are questions received about the solicitation and the SME's answers to the questions.
 - Q1.** The MBE/WBE compliance package leans on "SRF" water-infrastructure forms. Do all of these apply to this project?
 - A1.** For projects fully or partially funded by federal grants and subject to 2 CFR Part 200, PWC historically uses the NC DWI MBE/WBE forms to document outreach and participation efforts. The federal Uniform Guidance does not establish MBE/WBE percentage goals; therefore, the goal percentages identified on the forms are not applicable to this project. Bidders are expected to document applicable outreach efforts and identify any MBE/WBE participation using the forms provided.
 - Q2.** The Bragg Boulevard segment (Filter Plant Drive to Barrington Cross Street) is a public city street, and nothing in the document ties it to Fort Liberty/Fort Bragg directly. Is there any DOD coordination needed.
 - A2.** No. The project does not tie into Fort Bragg/Fort Liberty, and no Department of Defense (DOD) coordination is required.
 - Q3.** I see there was a 2025 Annual Transmission Bid where unit rates were given. Would you be able to confirm who submitted pricing for that contract? If not, would participation in that prior bid prohibit a contractor from bidding on this project?
 - A3.** The bid tabulation for PWC2526079 is available on PWC's Procurement – Bid Opportunities webpage. Participation in PWC2526079 does not prohibit participation in this IFB. PWC2526079 was not awarded, and the project approach has since changed.
